

Foster-Powell Neighborhood Association presents:

THE NEXT CENTER STREET

Mural

existing street mural on 60th and Center

Center Street is Foster-Powell's Neighborhood Greenway. These are:

- Quiet, slow streets
- Streets that prioritize people walking, bicycling, and rolling
- The backbone of the Safe Routes to School network
- Connectors between neighborhoods, parks, schools, and business districts

Let's Paint the Street.

Foster-Powell received a grant to paint an intersection on Center Street. What intersection should we paint next? Do you want to submit a design or join a painting party? Get engaged using the QR code + website at right.

We can improve Center Street in other ways too! Follow @BetterCenter97206 on Instagram or check FosterPowell.com for updates.
